

University of Pennsylvania Law School

Location: Philadelphia, Pennsylvania

Client: University of Pennsylvania

Size: 4200 sf

Cost: \$50,000

Status: 2003

Before

After

Two varieties of flowering magnolia arranged in groves bring springtime into new faculty offices at Penn's Law School, designed by SMP Architects. The densely planted, multistemmed trees in the sunken courtyard gardens play with our spatial perception making the small urban garden feel expansive. Through careful attention to detail and a rich plant palette, Viridian Landscape Studio transformed and created a feeling of privacy within the offices.
